# Your Headend Labeling Solution.

## Dymo Rhino Label Printers

### The Rhino 5000

Printer not only prints durable labels for cables, patch panels or terminal blocks but also prints on heat shrink tubing. That's right, you can print a heat shrink tube that only requires 185°F to shrink. It gives incredible identification that won't harm the coax. Prints in bar code format too! Kit Includes rugged hard case, Rhino 5000 printer with impact-resistant bumper, one 3/4" white flexible nylon label cartridge, one 3/4" white permanent polyester label cartridge, AC power adapter and 6 "AA" batteries. Rechargeable Battery pack now available, part #51-13295 \$29.99
